JIM HILL'S BIG NEW STEAMER MINNESOTA

The "MINNESOTA"

The Minnesota is a sistership of the Manchuria. Both boats were built by the Eastern Shipbuilding Company at New London, Conn. The Manchuria was the largest American-built vessel afloat until the Minnesota was launched. There are only three others in the world that exceed the Minnesota in size. They are the White Star line steamers Cedric, Baltic and Celtic.

The Minnesota has a displacement of 33,000 tons, is 600 feet long over all, has an extreme breadth of 73 1/2 feet and is nearly 89 feet high from keelson to the upper navigating bridge. The Minnesota is a modern ship in all particulars, and is equipped with every improvement, both mechanical and in the line of safety. There is a double airtight bottom to the vessel, almost the entire length, made of steel. She is built for the Pacific trade, to run from Seattle to the Orient and may call at Honolulu.

GETTING TOURISTS

STEAMSHIP COMPANIES MAKE A CONCESSION AND THOMAS COOK & SON AGREE TO TAKE UP HAWAIIAN BUSINESS—THE HAWAII COMMITTEE'S HEADQUARTERS MOVED FROM SAN FRANCISCO TO LOS ANGELES.

Secretary E. M. Boyd of the Tourist Promotion Committee returned this morning from San Francisco, after spending a couple of weeks there in the interests of the work. Two important changes in the basis of the tourist work were made while Boyd was in San Francisco, and it is believed that both will prove valuable aids to the campaign for visitors. The coast office was moved from San Francisco to Los Angeles and an arrangement was made whereby Thomas Cook & Son will book their travelers here, and the steamship companies will give them a rate of \$110 for round trips on any steamer on which fifteen tickets are sold.

Cook's tourist agency has left Hawaii out of its business for many years, as not enough bookings this way were secured. After considerable discussion the company has taken the islands up again, in consideration partly of concessions granted by the steamship companies. There is little chance of a general reduction in passenger rates, it is stated, but the companies have made an important concession in rates for tourist parties. According to the new arrangement Cook & Son are allowed to place round trip tickets on sale in their offices in New York, Boston, Chicago, Philadelphia and San Francisco.

How to Avoid the Dangers of a Cold. Everyone must realize the dangers attending a severe cold, and that it is always prudent to remain in-doors until the danger is passed. Many, however, do not feel able to lose the time and will be interested in knowing that a severe cold may be broken up and all danger avoided by the prompt use of Chamberlain's Cough Remedy. It not only cures, but cures quickly and counteracts any tendency toward pneumonia. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

HONOLULU IN CALIFORNIA

A PLACE CALLED HONOLULU ON THE KLAMATH RIVER, WHERE THREE NATIVE HAWAIIANS ARE LIVING—DR. WALTERS VISITS THEM AND GIVES THEM A GREAT SURPRISE BY ADDRESSING THEM IN THE HAWAIIAN LANGUAGE.

The following is an extract from a letter received by Dr. George Herbert from Dr. St. D. G. Walters, who left here two months ago on a vacation to the Siskiyou mountains in California:

"It may seem strange to you, but it is a fact that I was in Honolulu yesterday. There is a place down Klamath river twenty miles from here called Honolulu, but of late years it has generally been called Gottoville. I hunted up three old native Hawaiians there, two men and one woman, and when I spoke to them in Hawaiian they nearly fell over backwards. I spent a couple of hours with them and it was really very affecting. The two men came here in '49 and the woman in '51, and I was the first white man whom they had heard speaking Hawaiian during all that time.

"They were very anxious to get some Hawaiian papers, they had one (Nupepa Kuokoa) dated June 26, 1896, which they were treasuring very fondly. It had been sent to them by J. M. Peopoe, the attorney, who died 2 or 3 years ago. I promised them some papers. Order a year's subscription of the Kuokoa and send same to James Alapai, Gottoville, Siskiyou Co., Cal., and charge to me, also send some of the literature issued by the Hawaiian Promotion Committee to make those people happy; it will come to them as an echo of their beloved native land, the memory of which is still very dear to them."

PLANS OF THE POLITICIANS

SOME CAUCUS NOMINATIONS FOR THE HOUSE AND SENATE ON THE ISLAND OF OAHU—FAXON BISHOP AND DOWSETT RECEIVE ENDORSEMENTS—KALAUOKALANI, JR., IS SPOKEN OF FOR THE HOUSE.

All sorts of politics must be done before Friday night's Republican nomination meeting if the inside stories are to be believed. As may be imagined there are a great many more people ambitious for nomination than there are offices to go round, and some will have to be disappointed when the plums are handed out.

"There are any number of good men who could be placed on the tickets," remarked an old politician this morning, "but the difficulty is in making some understand that only one good man is wanted for each place. The ticket must be representative and when that fact gets home to people, I do not think that there will be any difficulty in getting men to sink their own aspirations in order to further the welfare of the party."

At last night's meeting of the Republican precinct club of the Fourth of the Fourth District, operating under the unit rule, E. W. Quinn, the well known plumber, was unanimously nominated for the House and Faxon Bishop for the Senate. The whole vote of the Fourth of the Fourth will be thus delivered. This morning overtures were made in a tentative way by the leaders of the Eighth of the Fourth to those of the Fourth of the Fourth offering to support Quinn if the Fourth of the Fourth would support a candidate the Eighth of the Fourth is yet to name. The deal would be a strong one as the Eighth is second only to the Fourth in its representation.

In the Second of the Fourth last night J. M. Dowsett and Faxon Bishop were endorsed.

Kalauokalani, Jr., is talked of by some Republicans as a candidate for the House. He is a popular young Hawaiian and may be brought forward when his district convention meets. He is also talked of for secretary to Delegate Kuhio.

OYAMA AND KUROKI WANTED BY POLICE

SIX JAPS AND JAMES FULLERTON ARE TO BE PROSECUTED ON CHARGE OF ALLEGED ATTACK.

Oyama and Kuroki are charged with assault and battery and the police are looking for them. They are not the famous Japanese generals however, even though they may have the same names. The Oyama and the Kuroki who are wanted by the police, are a couple of Japs who are alleged to have been in a crowd that committed an assault and battery on Mrs. Mary Bertleman.

Besides the bearers of these historical names, Toma, Sama, Guchi and Ol Halson as well as James E. Fullerton the money lender and broker are also alleged to be parties to the assault.

It appears that Fullerton had a mortgage on the house and lot of the Bertlemans on King street in Palama. He desired to foreclose, so today he took the six Japs it is said and had the furniture removed from the house in order to take possession. A little girl was in the house at the time of the visit. She was frightened at hearing such warlike names so she ran away to Mrs. Bertleman and told her to go home. Mrs. Bertleman did so and says that she was struck in the breast with a mattress in the hands of some of the crowd. She was knocked down, she claimed. She consulted with C. W. Ashford who made out the complaint and had the warrant issued for the arrest of the various defendants.

DECISIONS TOMORROW.

The United States District Court will sit tomorrow morning after a brief recess, with Judge Dole on the bench. Three decisions have been prepared and will be handed down. The cases concerned are M. K. Almy vs. E. J. Cotton Bros., a suit for damages for the destruction of a houseboat, George Leslie vs. the Inter-Island Steam Navigation Company, a suit for \$50,000 damages for alleged breach of contract and L. Hite a petitioner in bankruptcy whose petition is opposed by different creditors.

Both grand and petit jurors for the coming October term of the United States District Court will be drawn at tomorrow's sitting.

QUICKER WORK WITH THE MAILS

CHAMBER OF COMMERCE TAKES UP THE MATTER OF SECURING MORE RAPID SERVICE.

At the quarterly meeting of the Chamber of Commerce this morning the matter of securing more rapid distribution of mails from the mainland was the principal business discussed. The meeting was held in the new quarters in the Stangenwald building and President Tenney occupied the chair. It was decided that letters should be addressed to Postmaster Oat and to Delegate Kuhio, asking that efforts be made to secure arrangements whereby mail can be distributed on steamers before they arrive here, also that better local facilities be provided.

A large table with a drawer for each trustee was presented to the Chamber by Castle & Cooke. For this the trustees passed a vote of thanks. S. E. Damon and George M. Rolph were admitted to membership in the Chamber. The resignation of H. E. Waity, who has removed to the Coast, was accepted.

SAVE YOUR MONEY.

The Twenty-Ninth Series of Stock in the Pioneer Building & Loan Association will be issued in July, 1904, and is now open for subscription. The membership fee is fifty cents per share, and the monthly dues are one dollar per month per share. The stock draws much better interest than a savings bank.

Further information can be obtained from A. V. Gear, Secretary, 123 King Street.
